## Information Security Policy

**We, PANACEATA (Private) Limited believe in high-quality deliverables as well as information security. Panaceata will proceed with all the operations under Information Security procedures to manage the risks affecting the confidentiality, integrity, and availability of company and customer information. We operate by the highest information security practices and standards. The client's data will be rigorously protected**

**Information Security Management is the foundations of PANACEATA to deliver the services with continual improvement and to achieve customer satisfaction.**

**We will achieve this by:**

- **Focus on new ways of utilizing IT innovation to build products and services for today's dynamic business environment**
- **Use of all reasonable, appropriate, practical and effective security measures to protect our important processes and assets to achieve our security objectives.**
- **Continually examine ways in which we can improve our use of security measures to protect and enhance our business and continual improvement in ISMS.**
- **Protecting and managing our information assets to enable us to meet our contractual, legislative, privacy and ethical responsibilities and satisfy applicable IS requirements and legal requirements as per the ISO 27001:2013 standard.**
- **Providing our Clients' continuous process improvements, productivity gains and improved quality through a combination of domain expertise and technology-driven optimization.**

**All employees ensure this policy and protect the security of information assets from unauthorized use, modification, disclosure or destruction, whether accidental or intentional.**
